1 / General Information

Edwardsville Campus of Southern Illinois University has scheduled summer quarter, June 22 to September 4. Courses designed specifically to meet the needs of teachers are scheduled for shorter periods with the priority planned to meet for eight weeks.

The Edwardsville Campus offers courses leading toward associate, bachelor's, and master's degrees in selected fields.

A variety of course offerings have been scheduled to meet the specific needs of (1) teachers in service, (2) freshmen—beginning and refresher courses, (3) upperclassmen—basic requirements, (4) graduate students, and (5) liberal arts graduates and individuals on temporary certificates for teacher certification.

For additional information, write to the Admissions Office, Southern Illinois University, Edwardsville, Illinois 62025.

Admission

Application for admission to the summer quarter should be initiated with the Admissions Office on or before June 1 to permit all necessary processing work to be completed by the start of the quarter. A general admission requirement is the filing of a transcript of record covering all previous high school and college work. Transcripts should be mailed to the Admissions Office from the institution(s) attended and should reach the Admissions Office prior to June 3, 1970.

An undergraduate student attending another institution who expects to graduate therefrom and who desires to attend here during the summer quarter will be admitted as a special student on the basis of a letter of good standing from the registrar of the institution the student is attending. The letter of good standing should be sent directly to the Admissions Office in Edwardsville and must be received prior to registration. The special student's application should be submitted to the Admissions Office by June 1, 1970. A high school senior who ranks in the lower half (lower 60 percent but upper half for out-of-state students) of his graduating class who is permitted to enter conditionally for the summer quarter must register for 16 hours or more in order to continue in attendance during the fall semester and must earn a C average or above during the summer quarter. A student attending the Carbondale Campus spring quarter who plans to attend the Edwardsville Campus during the 1970 summer quarter must initiate his registration process by contacting the Admissions Office at Edwardsville.

Social Security Number

A student seeking admission to the University will need to present a social security number for identification purposes. Any local social

security office can provide assistance in obtaining a number or replacing a lost card. At Alton the social security office is at 1623 Washington Street; at East St. Louis the office is at 435 Missouri Avenue; at Edwardsville the Illinois State Employment office, 111 West Vandalia, provides social security information.

Required Tests

Each student entering Southern Illinois University directly from high school is required to furnish to the University scores on the test battery administered by the American College Testing Program (A.C.T.). The tests are given at regional test centers throughout the United States in April. Information and application blanks are normally available through the high school guidance director or principal, or may be obtained by writing directly to: American College Testing Program, Box 168, Iowa City, Iowa 52240.

A student who finds it impossible to take the A.C.T. tests may submit scores from the College Entrance Examination Board (C.E.E.B.) in lieu of the A.C.T. tests. The specific scores, which must be submitted if the C.E.E.B. scores are submitted, are Scholastic Aptitude Test, English Composition Test, and Mathematics (Intermediate) Test. In order to have identical test data, a student who submits C.E.E.B. test data will be required to submit A.C.T. scores from the A.C.T. no later than one month after registration.

Transfer students are required to furnish A.C.T. scores to the Student Counseling and Testing Center. (A transcript of these scores is available by sending one dollar and a written request to the American College Testing Program in Iowa City.) If the scores are on file at the student's former school, a request should be made for their forwarding. Test scores are normally sent with a person's transcript of grades and must be requested separately from the appropriate office at the former school. If the A.C.T. tests have not been taken, arrangements to do so should be made.

Registration

All General Studies students must make up their schedule with approval of the General Studies Advisement Office. Recent changes have been made in the General Studies Program which result in reduced loads. All students should secure the help of General Studies Advisement Office to learn about these changes.

Fees for a Regular Quarter

The fee schedule is as follows: Fees are subject to change whenever conditions make changes necessary.

	Not more than 5 hrs.	More than 5, less than 11	11 or more
Tuition Fee—Illinois Resident	\$22.00	\$45.00	\$60.00
Tuition Fee—Out of State Resident	(69.00)	(137.00)	(200.00)
Student Welfare and Recreation			
Building Trust Fund Fee	5.00	10.00	15.00
Book Rental Fee	3.00	6.00	9.00

Student Activity Fee	3.50	7.00	10.50
University Center Fee	5.00	5.00	5.00
Athletic Fee	3.00	6.50	10.00
Total—Illinois Resident	\$41.50	\$79.50	\$115.50
Total—Out of State Resident	(88.50)	(171.50)	(254.50)

Graduate students do not rent their textbooks and do not pay the book rental fee. They purchase their books.

Students having special fee status, such as scholarship holders, faculty, and staff, will pay fees according to their particular status. Prior to registration this student will go to the Student Work and Financial Assistance Office to secure certification.

Late Registration Fee

The first day of a quarter is considered the last day of the regular registration period. Registrations thereafter, including those for classes "to be arranged" are considered late registrations and are assessed a late registration fee of \$5.00.

Academic Loan

The normal class load is 16 quarter hours for undergraduate students and 12 quarter hours for graduate students. The maximum load for both is 18 hours. A student with a 4.25 average or above for the preceding quarter may be allowed by the chief academic adviser or by the dean of his division to take as many as 21 hours. In no case may a student carry or be credited with more than 21 hours in a quarter. A student on probation may not take more than 14 hours.

A person should not register for more than 8 hours if he is employed full time.

The Selective Service System requires a minimum of 12 hours to qualify for a student deferment. There is a further requirement that he complete 12 hours each year.

The National Defense Education Act requires a minimum of 12 hours to qualify for a student loan.

For students receiving benefits under the "GI Bill" (P.L. 358) the following regulations apply:

	<i>Undergraduate</i>	<i>Graduate</i>
Full benefits	14 or more hrs.	12 or more hrs.
½ benefits	10–13 hrs.	9–11 hrs.
¼ benefits	7–9 hrs.	6–8 hrs.

Program Changes

Non-attendance does not constitute registration in a class, nor will attendance in a class for which a student is not registered be a basis for asking that a program change be approved permitting registration in that

class. A student is officially registered only for those courses appearing on his registration cards. Any change therefrom can be made only after fees are paid and must be made through an official program change. A student is considered officially registered after he has cleared his payment of fees at the Bursar's Office.

A program change must be made in order to drop or add a course. A student may not drop a course merely by stopping attendance. If a student desires to drop a course during the second, third, or fourth week of a quarter, the change will be approved only when the reasons appear valid. If a student desires to drop a course after the fourth week, the change will be approved only under unusual conditions. In the last three weeks of a quarter, changes will be approved only in extreme emergencies.

A General Studies student desiring to make a program change must secure approval of the General Studies Advisement Office. He, and any other student desiring to make a program change, will then go to the Enrollment Center. He is required to present his fee receipt, program card and must complete the following procedure. After having been cleared with the Enrollment Center, program changes for which a program change fee is assessed must be presented to the Business Office for payment. The student immediately returns the program change to the Enrollment Center in the Registrar's Office for final processing. A student has not completed his program change until he presents it to the Enrollment Center. No change is official until the preceding procedure is completed.

Withdrawal From School

A student who finds it necessary to withdraw from school while a quarter is in progress must report to the Student Affairs Office to initiate official withdrawal action.

No withdrawal will be permitted during the last two weeks of a quarter except under exceptional conditions. A refunding of fees is permitted only if a withdrawal is officially completed within the first two weeks of a quarter and if the application for a refund is received in the Registrar's Office by July 6, 1970. See the registration calendar for specific dates concerning withdrawal and refunding of fees.

Student Responsibility

Each student must assume responsibility for his progress by keeping an up-to-date record of the courses he has taken and by checking periodically with his adviser and the Registrar's Office. Responsibility for errors in a program or in interpretation of regulations of the University rests entirely with the student.

Graduation

Each student planning to graduate at the summer commencement must apply for graduation at the time of registration for summer classes. All applications for graduation must be received by June 22, 1970, by the Registrar's Office.

Student Employment

Students interested in part-time employment on campus during the summer should make early application to the Office of Student Employment, Southern Illinois University, Edwardsville, Illinois.

Hospitalization

Blue Cross and Blue Shield In-hospital Insurance is offered to all students. Cost of the insurance is \$9.00 per quarter for single and \$28.20 per quarter for family plan. This insurance is available at the time of registration.

2 / Workshops and Special Programs

The following workshops and special programs are offered during the summer quarter.

Workshops

Biology

Field Botany Workshop, 470-4, June 15-26, 8:30 A.M.-4:30 P.M., FWThF.

Taxonomy, natural history, and distribution of local plants. Two lectures and two laboratories per day. Principles of taxonomy; the use of botanical keys; methods of preservation, both traditional and innovative; propagation of plants and the natural distribution of plants in the local area. Designed especially for high school teachers of biology as a means of enrichment for botany sections of the high school curriculum.

Special Problems in Biology, 593-4, June 15-27.

The purpose of the workshop is to acquaint Midwestern students with the arid lands ecosystem and its biota. Individual or collective private transportation is used. The group either camps or stays in local accommodations. Students handle their own expenses. Stress is placed on field observation. The group leaves Edwardsville on June 15 and proceeds westward through Kansas, stopping occasionally to observe Great Plains animals and plants. It then proceeds to extreme western Oklahoma and spends two days in the Mt. Black Mesa area studying outlying elements of Rocky Mountain flora and fauna. From here the group proceeds diagonally across New Mexico, noting transition from highland to lowland, moist to arid ecosystems. Entering Arizona, it visits Mt. Southwestern Field Station of the American Museum of Natural History in the Chiricahua Mountains. From here the group travels northwestward through the Verde River Valley of central Arizona, traversing lowland desert in the process. The course ends at this time, and members may then return to Edwardsville or continue on an individual basis.
